Step 1.) Open Your Project

≡ Simple Style Layout #2

August Scrapbook Layout #2 Lake Life!

<https://design.cricut.com/landing/project-detail/6a663dd6580a8679ff6d1aae>

This lesson shares how you can modify the title on this one if you never go to the lake!

Click the Design Space project link below. We will save this to your projects after you are finished.

2.) Prepare your layout

Lake Like Scrapbook Layout

Blank Canvas

☐ Saved for Offline

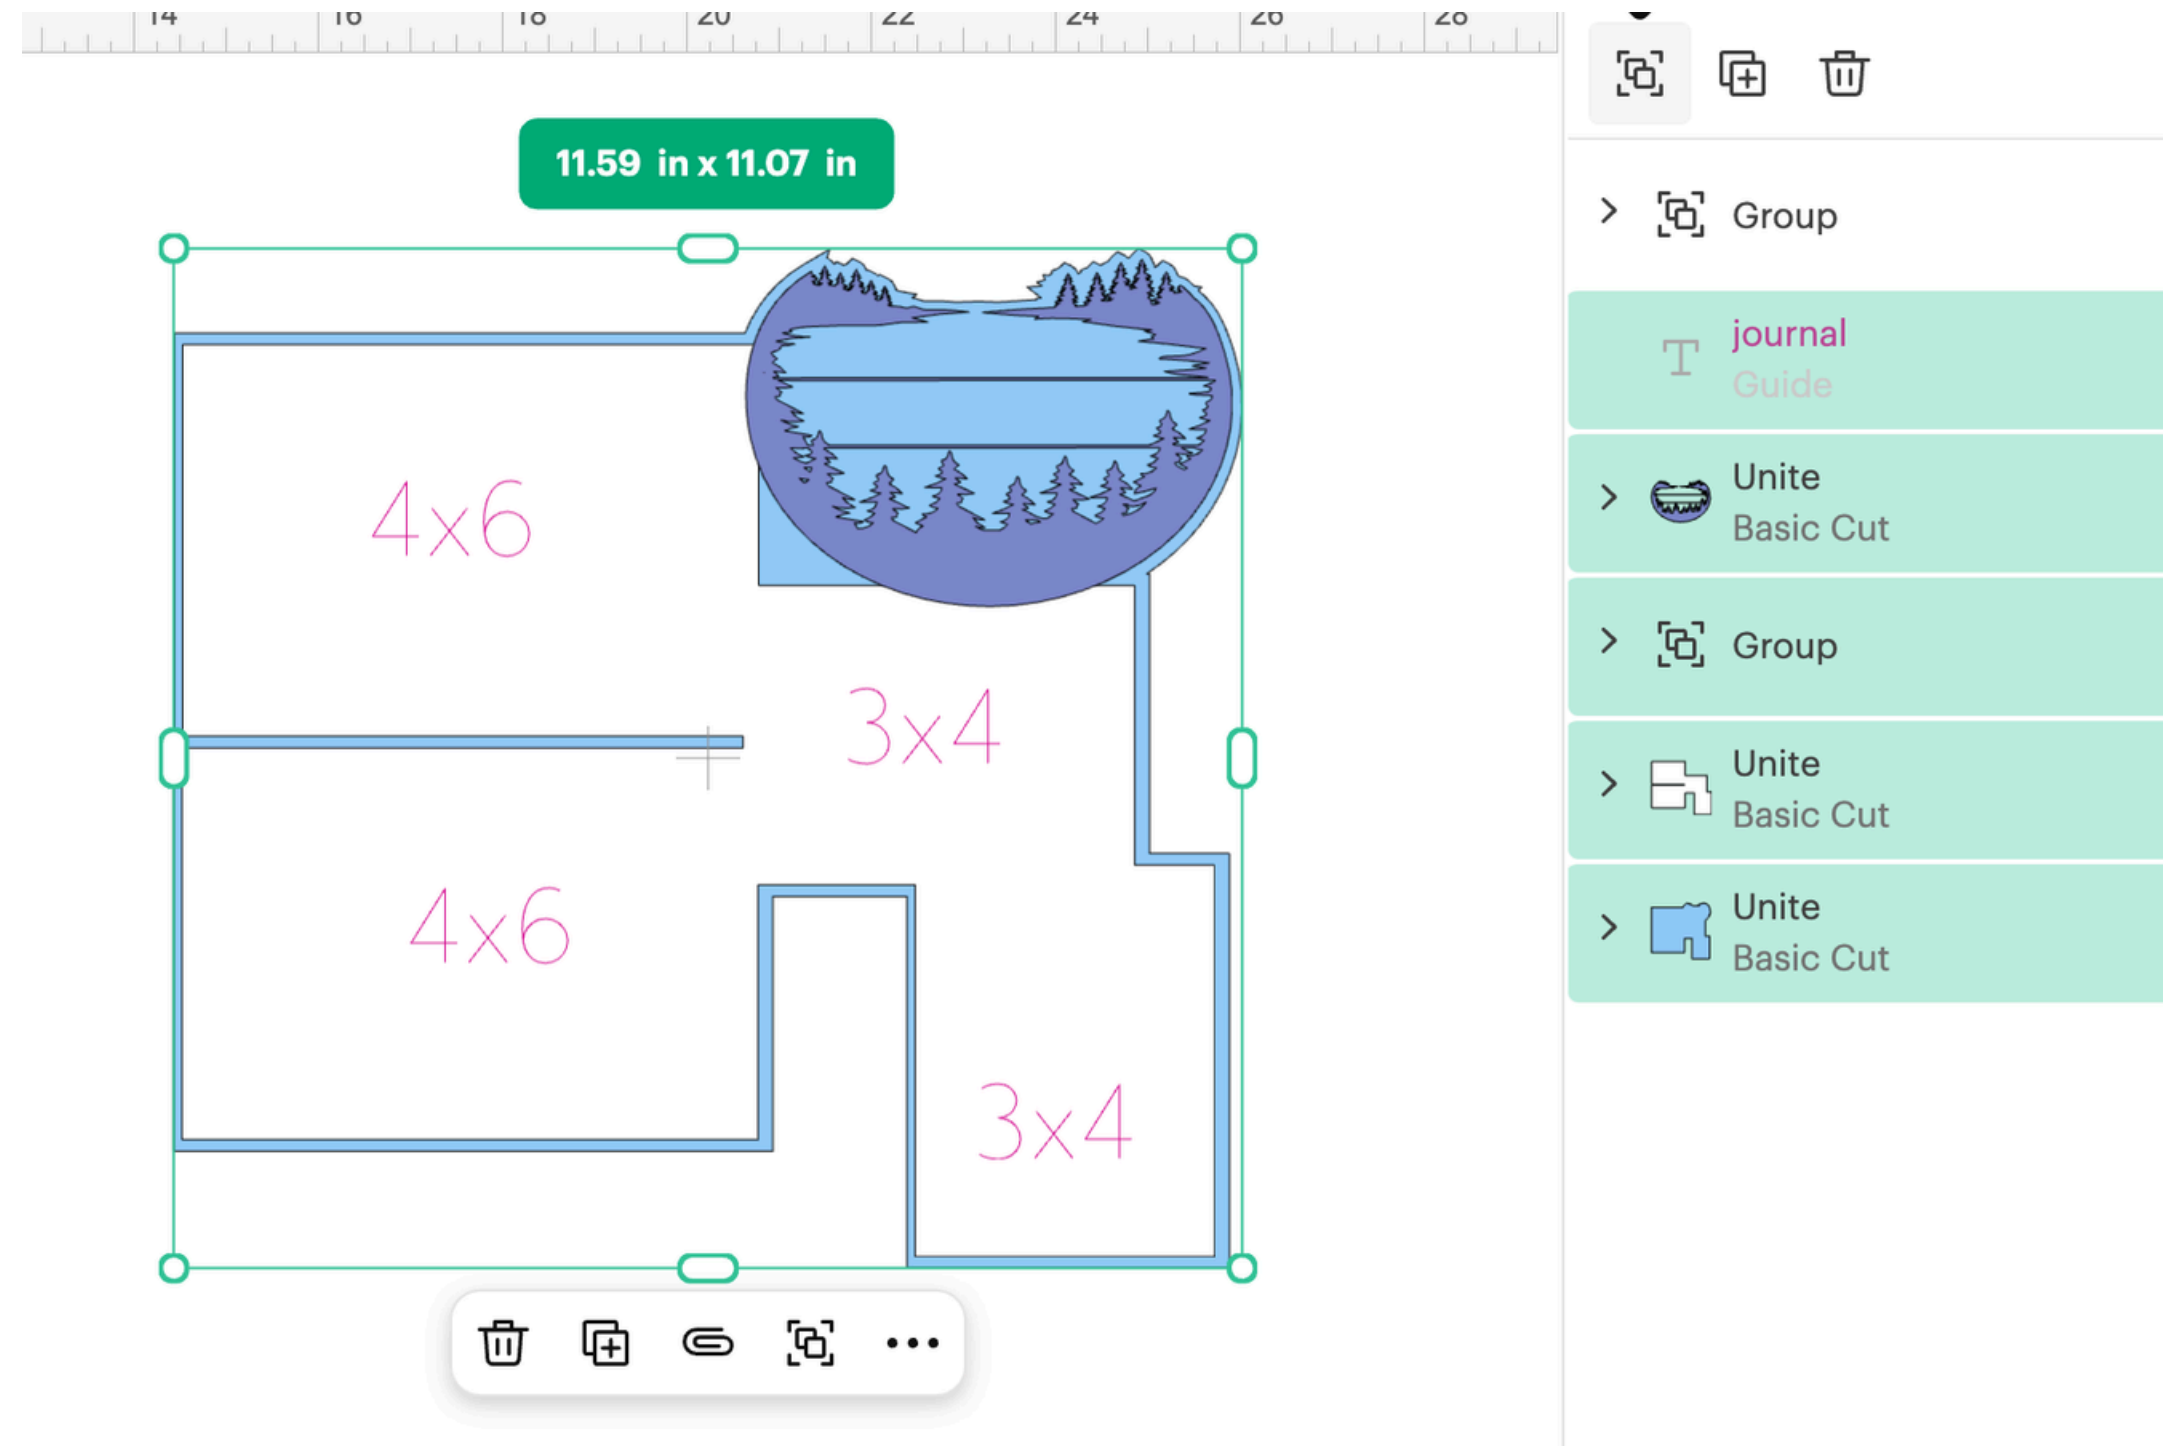

Images, Fonts, and Cricut Access™ Features Used in this Project

- Cricut Sans
- Wavy Lines
- lake life
- Forest Border

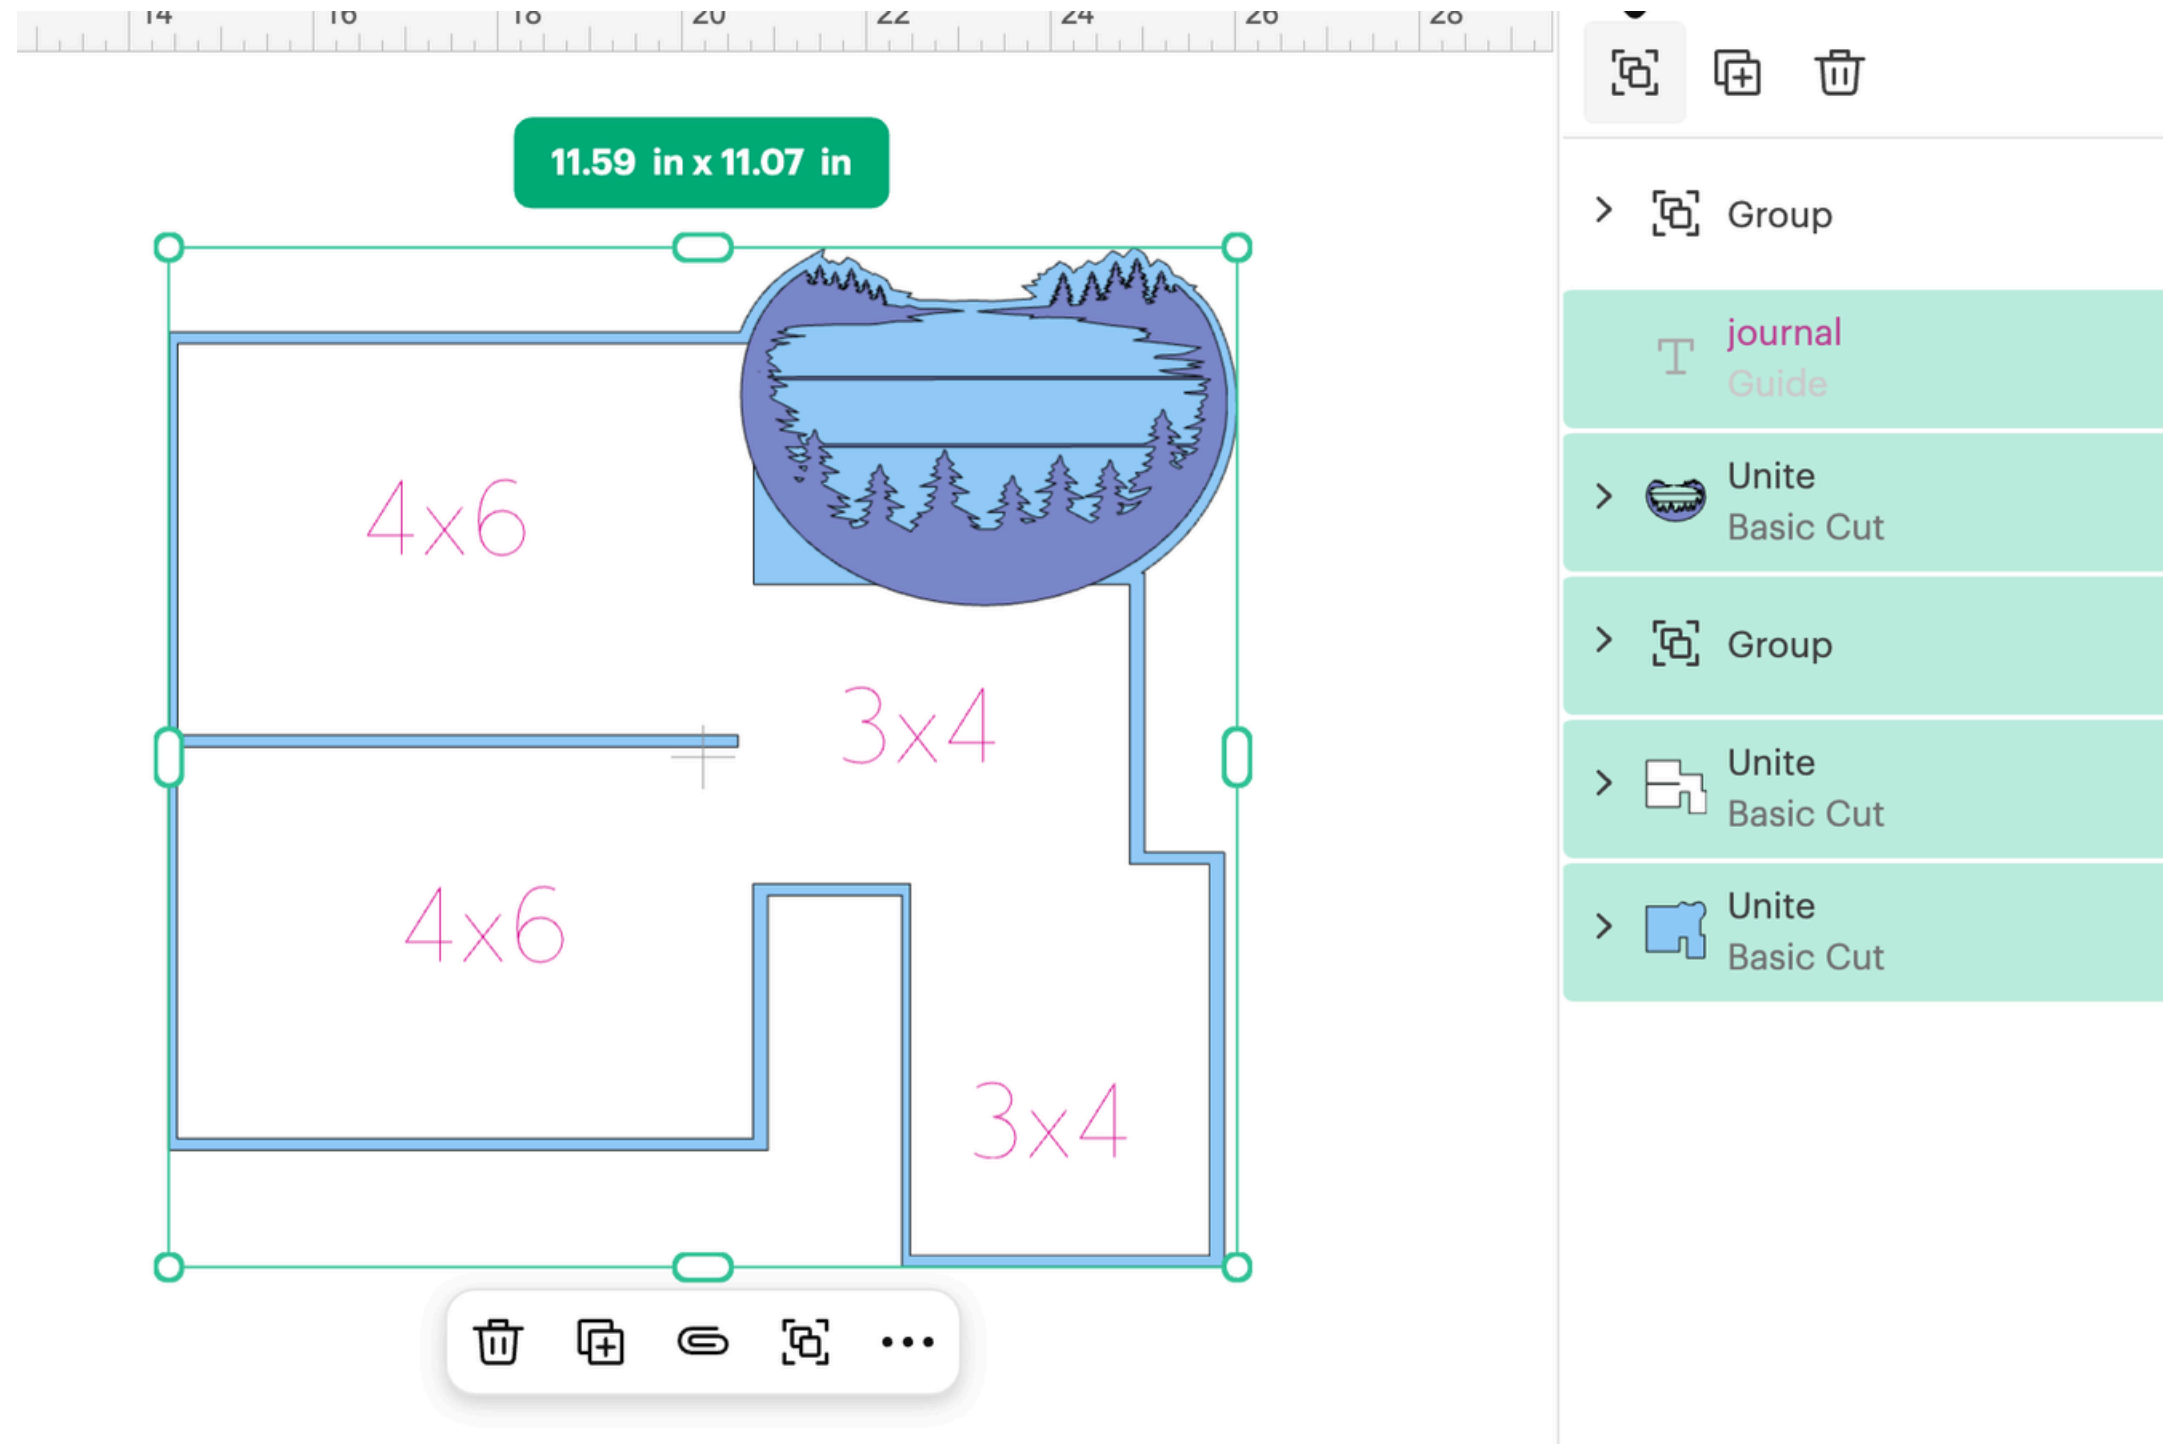

This project is currently private. Add photos any time, then share it to inspire others! [Add Photos](#)

[Customize](#) [Make It](#)

3.) Take a Look Around at all the layers and parts of layout

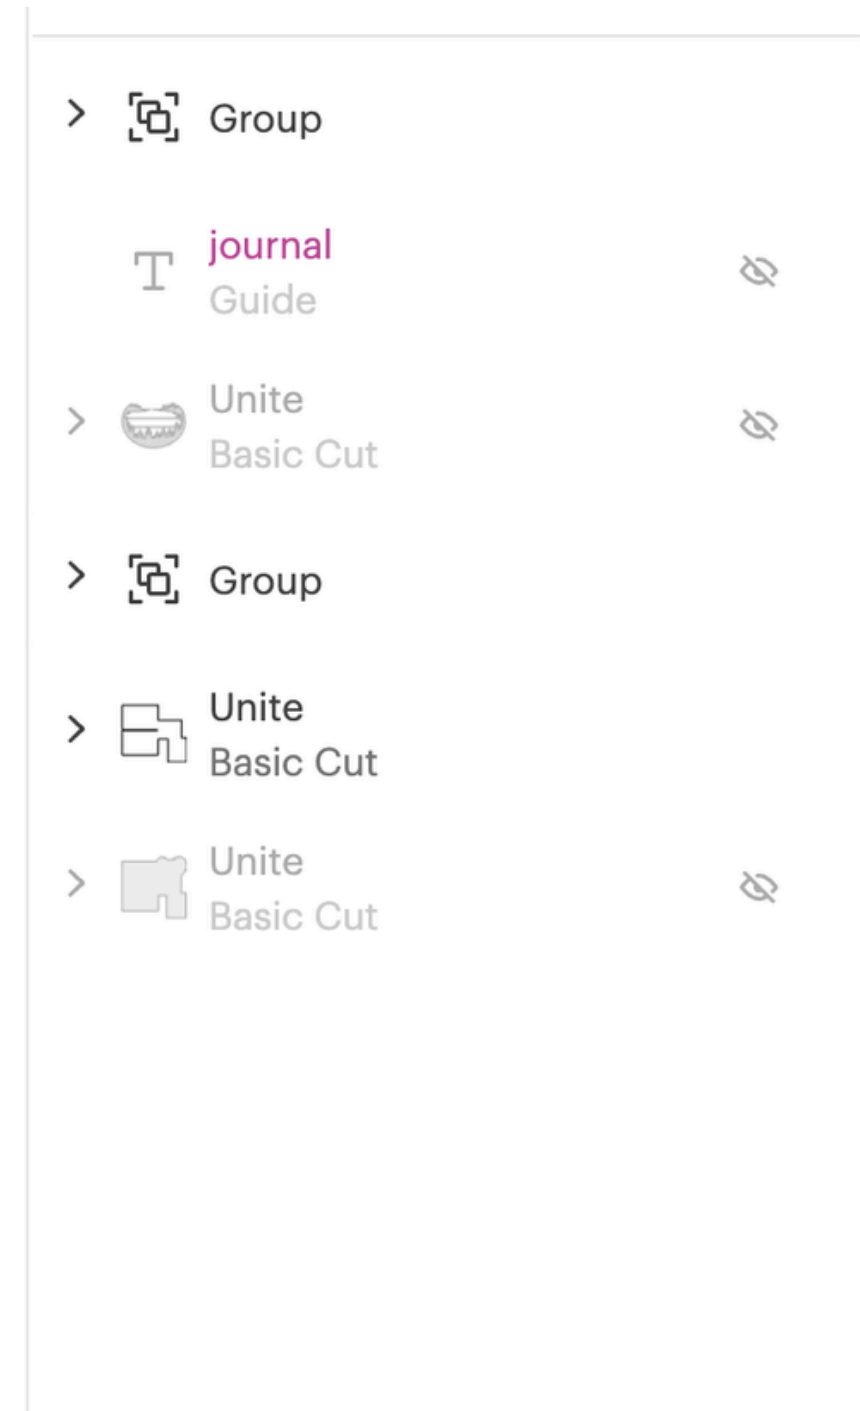

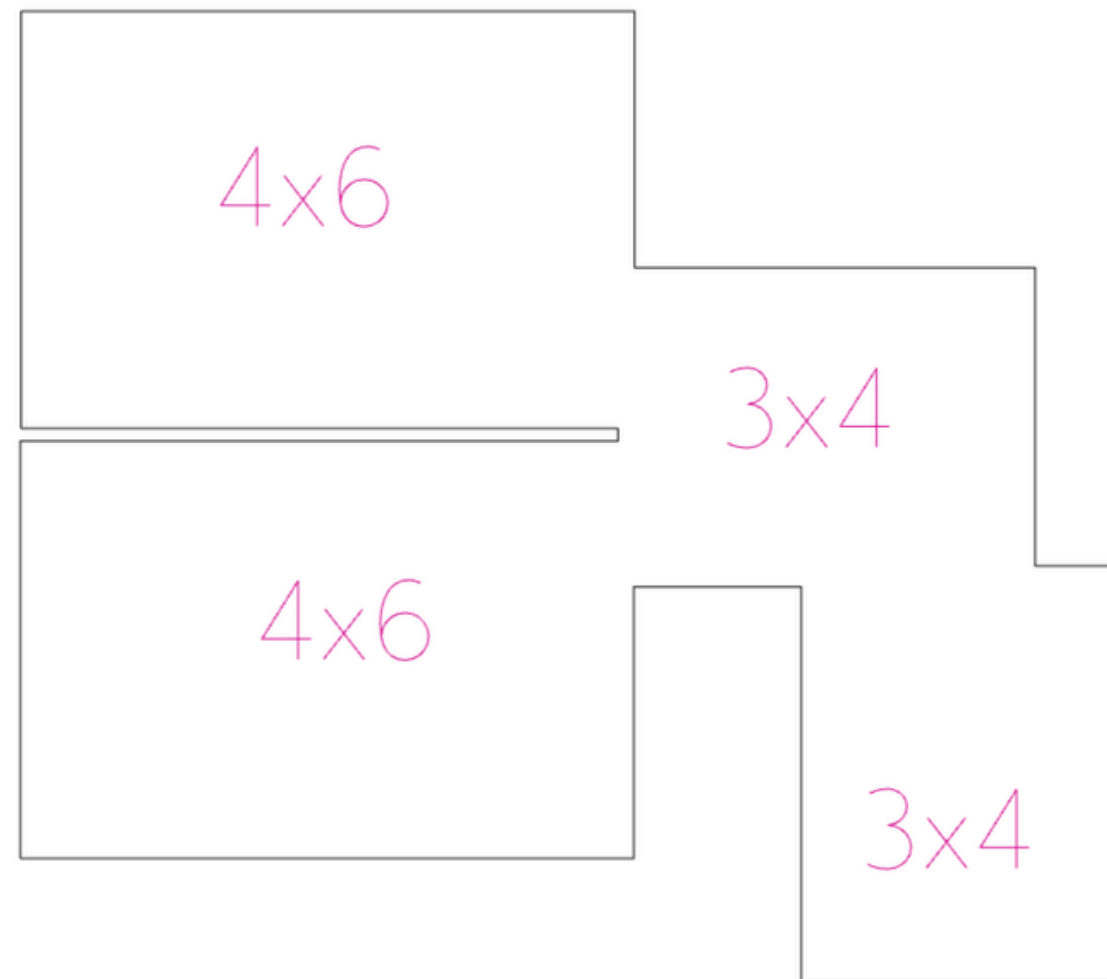

4.) Customize this layout for your photos

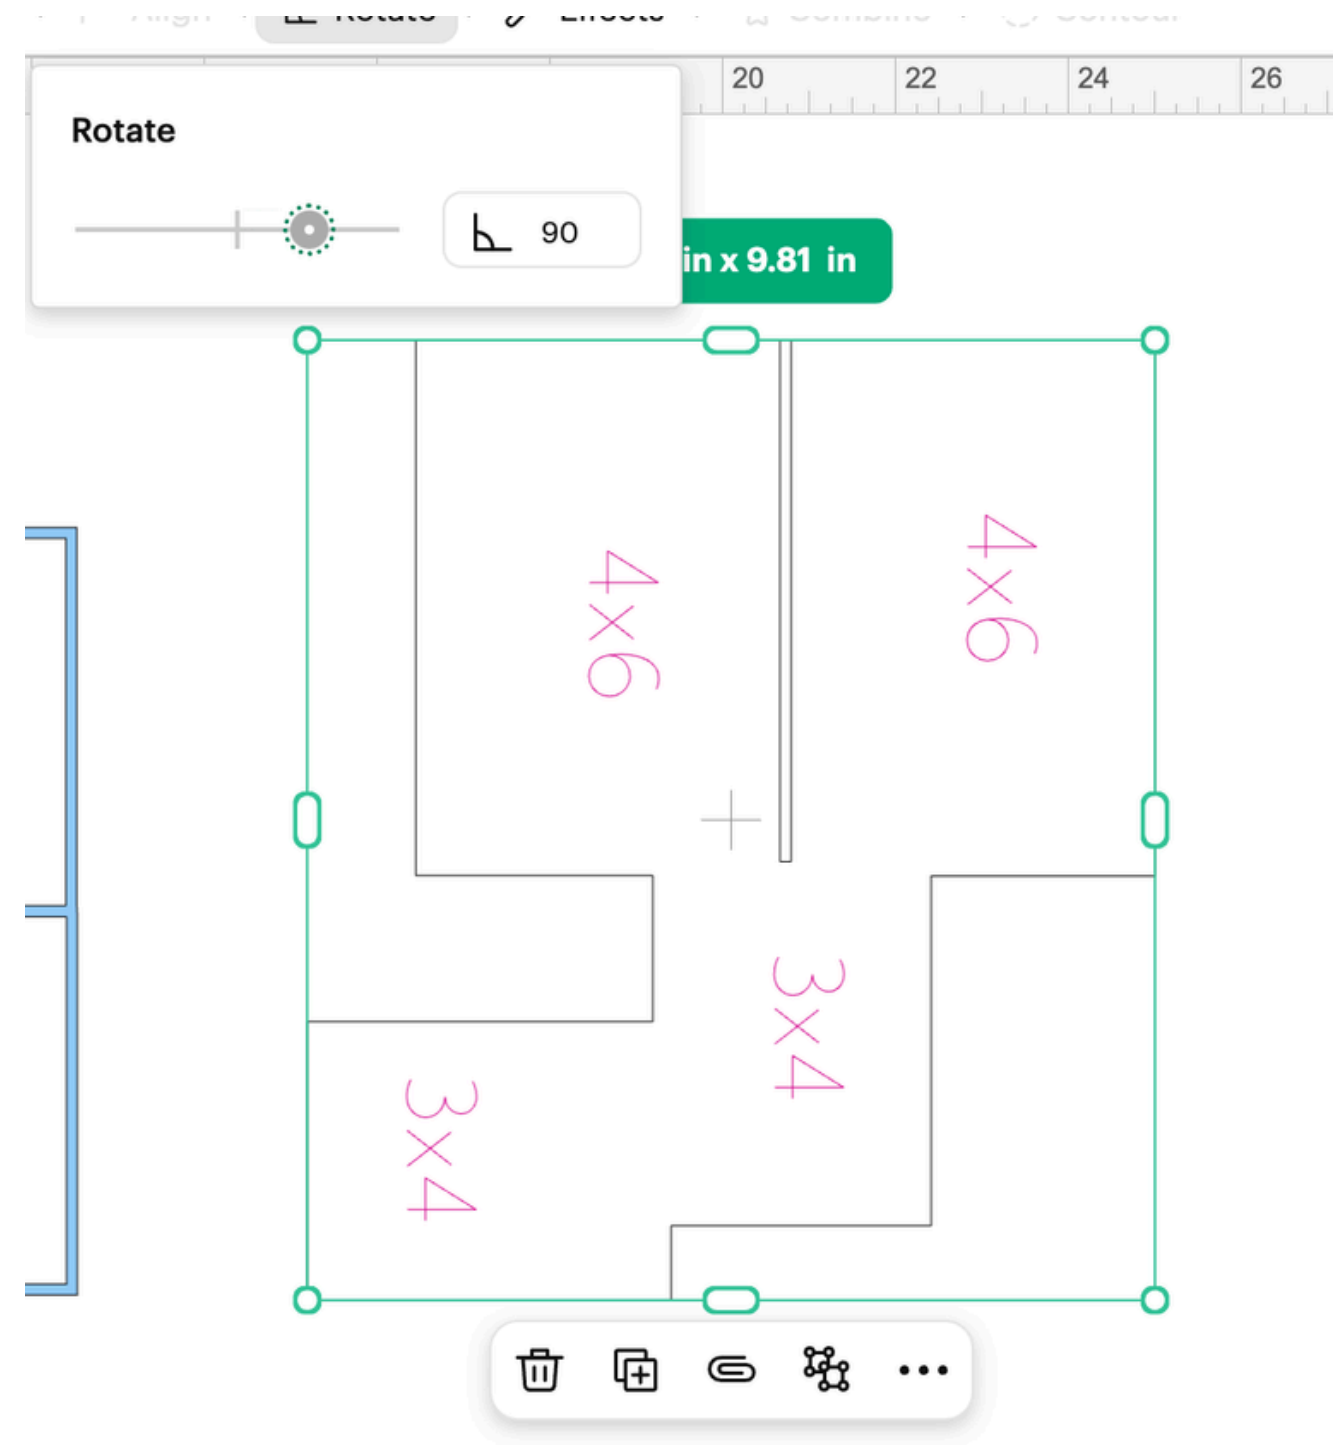

Ungroup this page of layout.

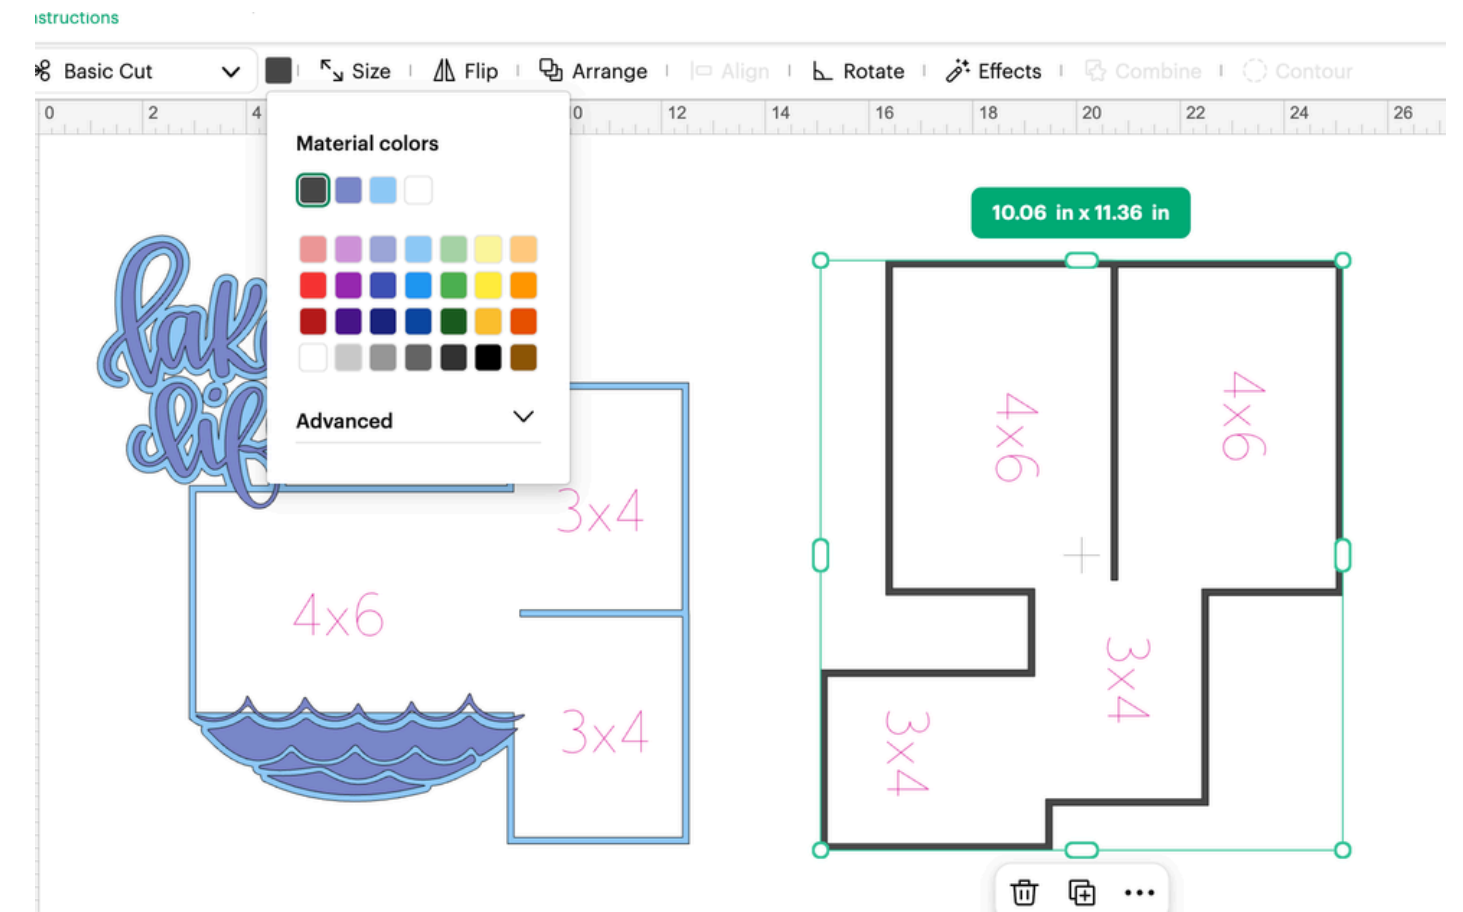

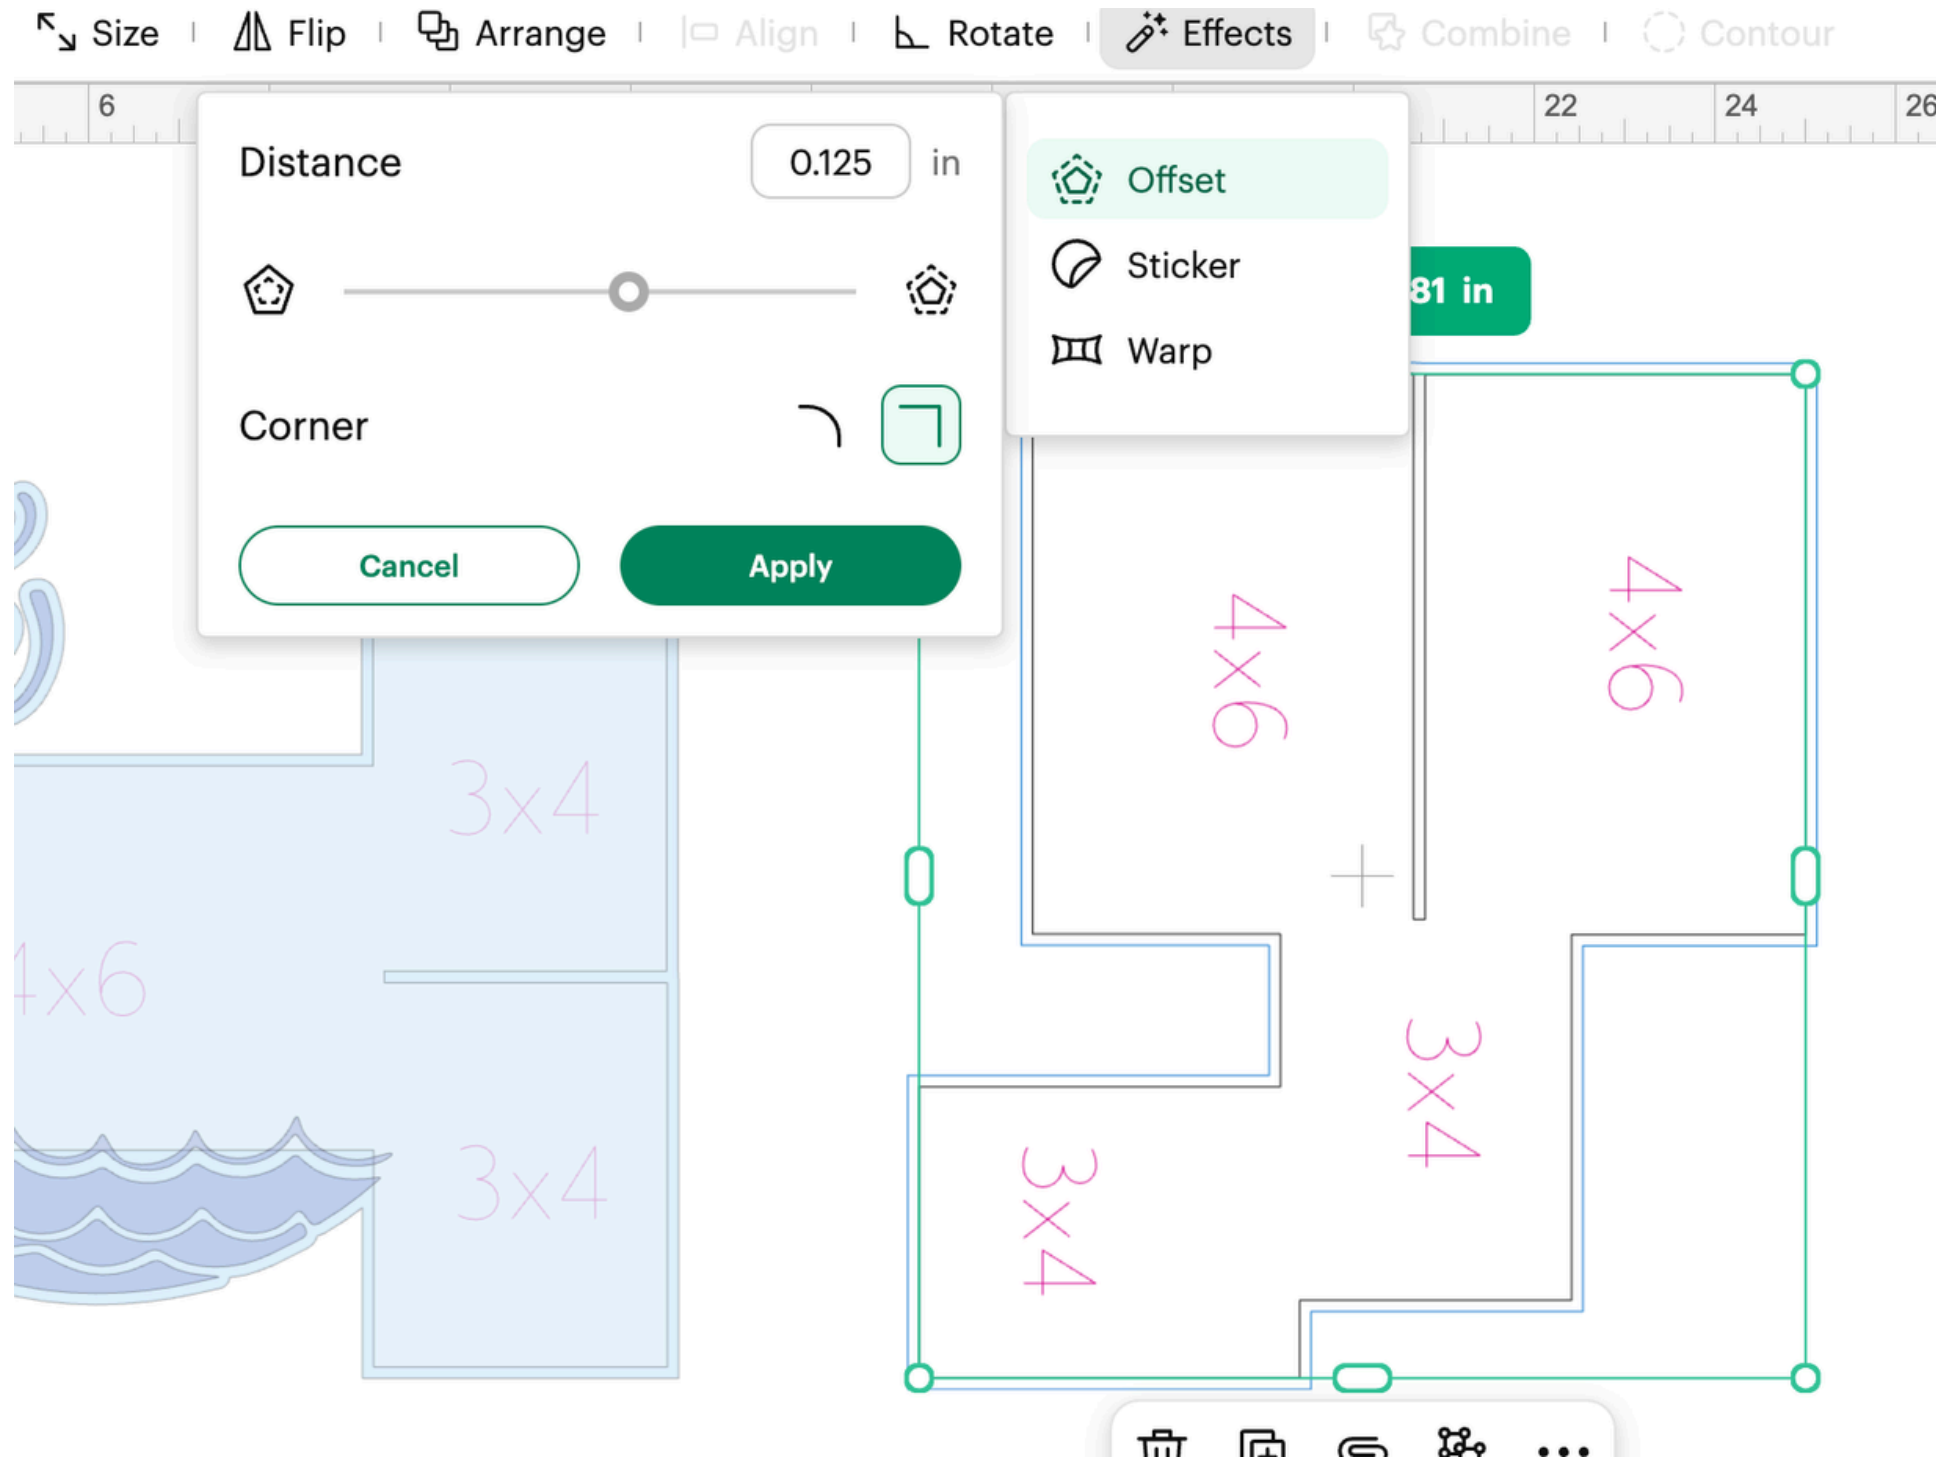

5.) Turn off the layers you do not need or want. .

6.) Rotate the photo mats to fit your photo style.

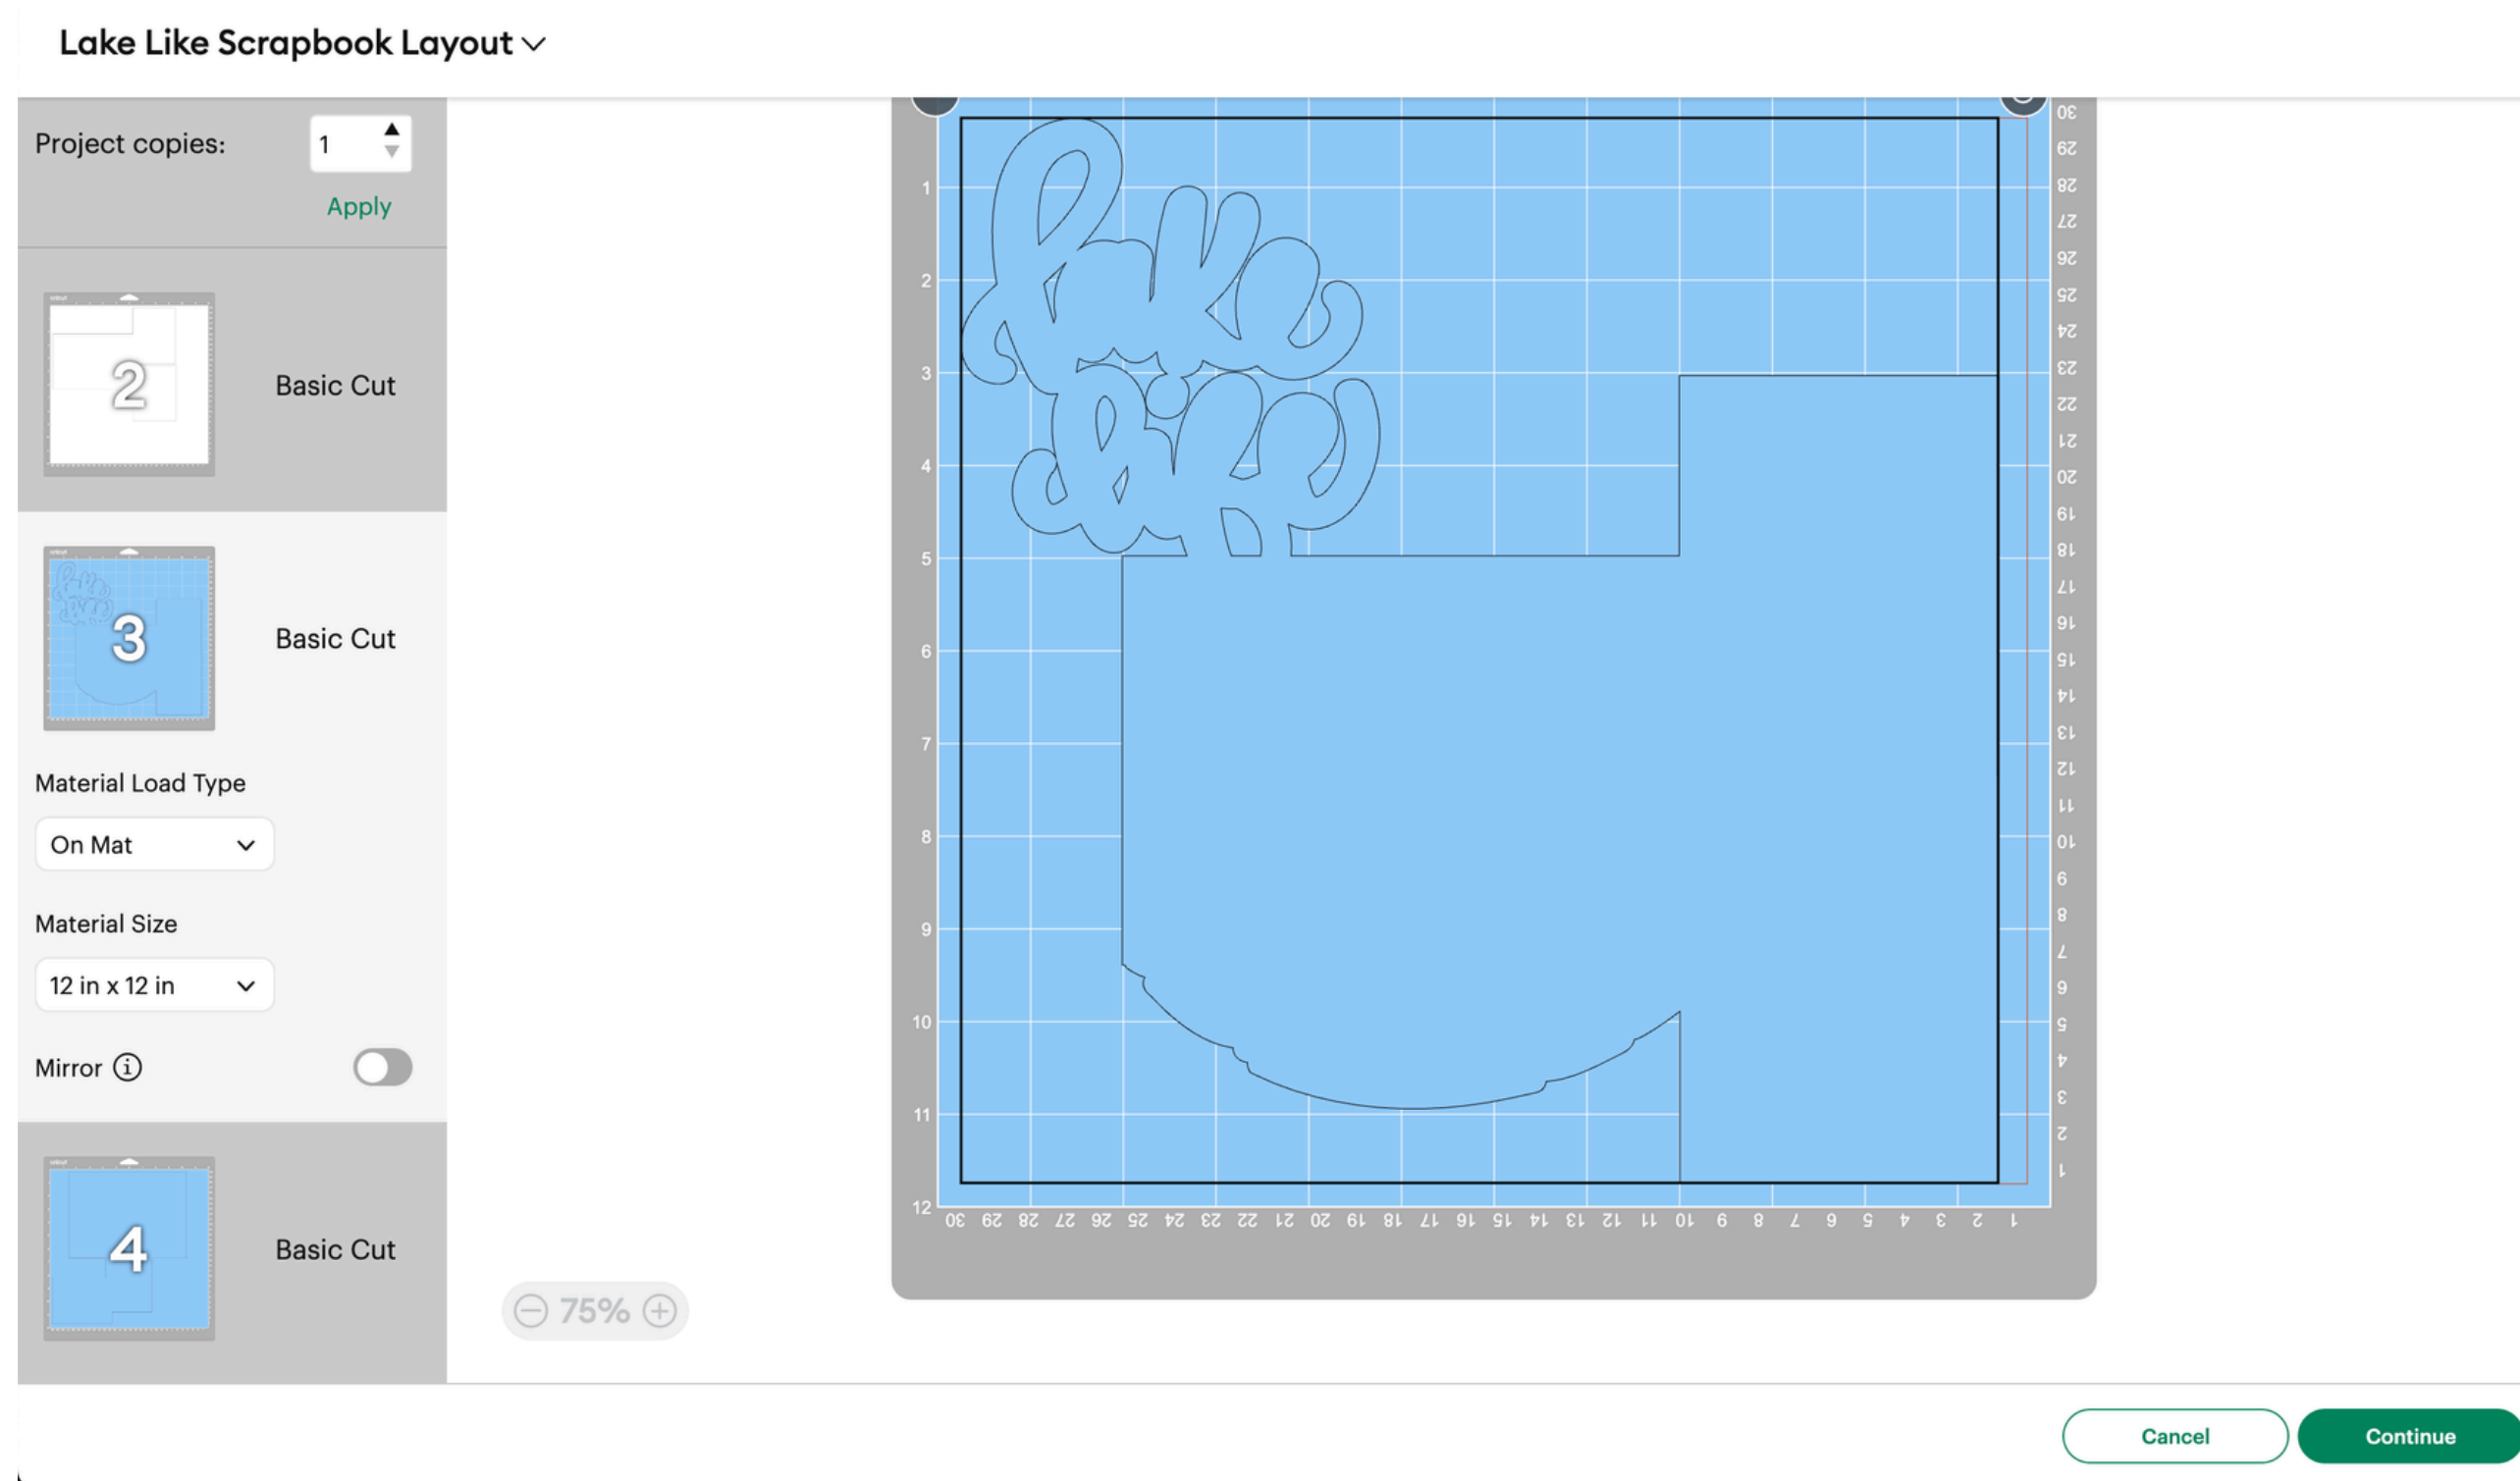

7.) Select OFFSET to create your new “puzzle back”

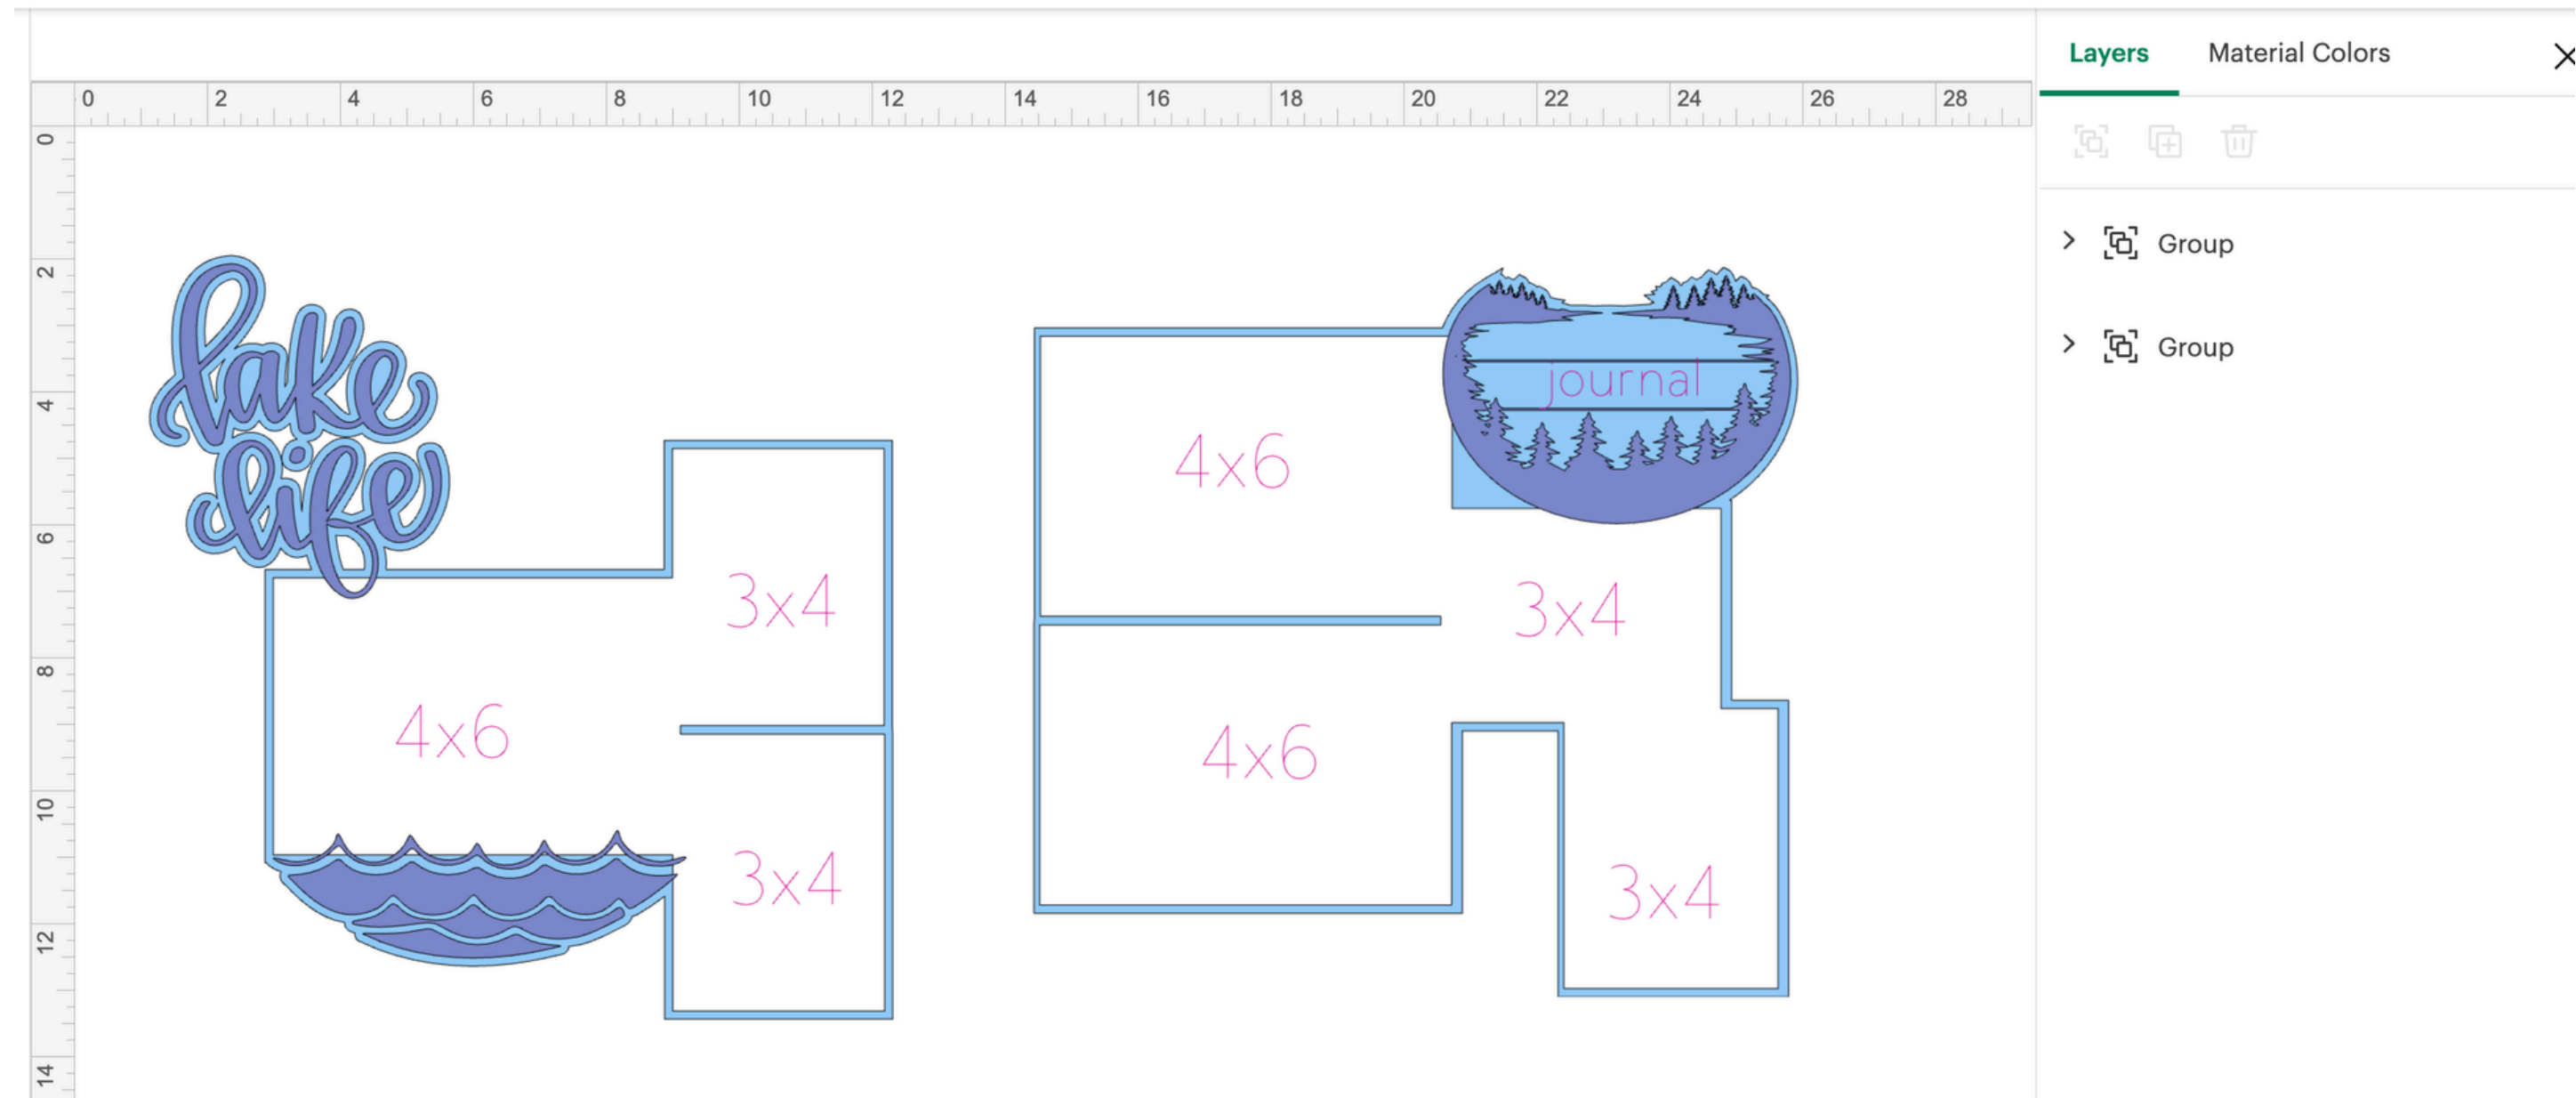

Change the color of new puzzle backer.

8.) Let Cricut do the cutting!

Cricut cuts by color so you will see what color to load in the machine.

9.) After cutting, return to your Design Space project to see how your layout layers go together

10.) Cricut will have saved your project as you go, but you can change the title if you wish.
